

Run your entire window business from one platform.

From first enquiry to final delivery, Fenora runs your leads, surveys, window configuration, quoting, production, teams and deliveries as one connected job — built specifically around how the window trade works.

WINDOW CONFIGURATOR

Configure the window. Build the quote. Get it right first time.

Every unit type

Windows, doors and bays, in timber, aluminium, steel and uPVC.

Real geometry

Frame, mullion, transom and cill dimensions drawn to the millimetre.

Internal and external

Colours, hardware and bars specified separately for each face.

One specification onward

The same configuration prices the quote and instructs the factory.

ONE SUBSCRIPTION. PUBLISHED PRICES.

£80 a month per workspace. £15 per person.

Core platform	£80 / month per workspace
People	£15 / person / month
Survey App	+£20 / seat / month
Job Finder	+£20 / month
Customs & HMRC	+£30 / month

Billed monthly, excluding VAT. Cancel any time, and nothing is ever priced against your turnover.

ONE CHAIN OF WORK

- 01 Find the work
- 02 Manage the lead
- 03 Survey it
- 04 Configure it
- 05 Quote it
- 06 Win it
- 07 Produce it
- 08 Organise it
- 09 Deliver it

PROOF, WHEN IT IS EARNED

These are the four measures we hold ourselves to: time to quote, remakes, margin held, re-entry. We publish results only once a customer has agreed the figures and is willing to be named.

Start on Fenora this week.
